DETAILED ACTION

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee. The abstract is add at the end of the specification as below:

Abstract

A monolithic integrated circuit including a capacitor structure. In one embodiment the integrated circuit includes at least first and second levels of interconnect conductor for connection to a semiconductor layer and a stack of alternating conductive and insulative layers formed in vertical alignment with respect to an underlying plane. The stack is formed between the first and second levels of conductor. Preferably the stack includes a first conductive layer, a first insulator layer formed over the first conductive layer, a second conductive layer formed over the first insulative layer, a second insulator layer formed over the second conductive layer, and a third conductive layer formed over the second insulative layer, with the first and third conductive layers commonly connected.

2. Authorization for this examiner's amendment was given in a telephone interview with Ferdinand M. Romano on 06-24-04.
